

New General Liability Insurance Program Information

All requests for certificates of insurance and insurance inquiries regarding the Rotary U.S. Club and District General Liability Insurance Program are handled by Lockton, Rotary's new insurance broker (effective 1 March 2007). Aon Risk Services, Rotary's former insurance broker, **will no longer forward** any certificate of insurance requests to Lockton for processing.

The Quickest & Most Convenient way to obtain a certificate of insurance is to create one from your computer. Just **click here** to download a Word document of the 2007-08 Rotary U.S. Club & District Certificate of Insurance, along with the corresponding instructions. All that needs to be done is to type the certificate holder's name and address into the certificate and print it from your computer.

This information and more can be found on Rotary's Insurance webpage: www.rotary.org/support/insurance . If you have any questions, please contact Lockton or e-mail insurance@rotary.org
